

Agnes Hahn, coming here from Kearney, where she had been enrolled in the Kearney normal.

Recent auto purchasers are: Cyril Wunderlich a Briscoe touring car, Mrs. Lucy Sidders an Overland coupe, Thomas Talich an Elgin-six, and O. J. Paulus a Ford touring car.

We received word this morning of the death of Fred Holm at his home seven miles southwest of here, death coming last night at 9 o'clock after a brief illness.

T. C. Talich and family motored to Comstock Saturday and visited relatives there until Sunday afternoon, returning then. Wallace Wagner accompanied them as far as Loup City.

Ed Chaney and Fred Douglas started yesterday for South Dakota, where they will endeavor to find a "run" for their threshing machine, making the trip in the latter's Oakland-six.

A. A. Bye starts today for Lodge Pole to make further arrangements preparatory to moving there next fall. Alva has purchased a farm and has rented additional land, so he will be rather busy there, as he has always been here.

B. L. Snider has accepted a position with the battery service station in Grand Island and entered upon his new duties yesterday. Burl has few superiors or equals when it comes to ability along that line, and his employers found the man for whom they were looking.

Fred C. Winship, son of Rev. D. C. and Mrs. Winship of Giltner, heard the country's call, and being a true "Son of the Revolution" on both sides of the family, he felt the call, resigned his position at Bellevue College and volunteered. He is now in the officers' training camp at Fort Snelling. Professor Winship took his A. B. degree at the Wesleyan and his A. M. degree at the Denver university. He taught three years at Manhattan in the University of Kansas and last year specialized at the University of Nebraska. Fred has always been clean and industrious, with high ideals, and will exert a fine influence in the training camp or in active war service.—The Nebraska Methodist.

Death of Mrs. Isabelle Gray

This community was shocked when the news came over the wire telling of the death of Mrs. Isabelle Gray. She had been in Oklahoma since last November, becoming sick about ten weeks ago. Eight weeks ago her children were called to her bedside, as she wished it. She seemed to get so much better they all returned home about two weeks ago. The immediate cause of her death was pneumonia, following a fall which caused a fracture of one of her lower limbs.

Isabelle Pratt was born in Dixon, Illinois, February 27, 1846, and died July 29, 1917, aged 71 years, 5 months and 2 days. When but a small child her parents moved to Wisconsin and from there to Nebraska in 1860. March 13, 1867, she was united in marriage to Robert Gray. To this union were born eight children, seven of whom are living, a

son having died in infancy. Those surviving are: Mrs. Abbie H. Hunnicutt of Giltner, Nebr.; Eva F. Holman of Willard, Okla.; Anna Ward of Enid, Okla.; Robert L. Gray of Krenlin, Okla.; Isabelle E. Campbell of Harvard, Nebr.; J. R. Gray of Pitts-ville, Calif., and Florence A. Moffitt of Krenlin, Okla. All were present at the funeral except the youngest son, who was unable to come. Besides the children she leaves twenty-nine grandchildren, four great-grandchildren, five brothers, one sister and a host of friends.

She had been a Christian for thirty years, uniting first with the Salem Baptist church and later with the Christian church at Giltner. She was a loving mother and her family will miss her very much, as she has made her home among them since the death of her husband in 1903.

The remains were brought to Harvard Monday and the funeral was held at the Christian church the following day, after which the form was laid to rest in Harvard cemetery beside that of the husband.

National Defense Instrument

With the passage of the pending food production bill, congress officially recognizes a new instrument of national defense—the county agent. Under the provisions of this act, \$115,000 has been set aside for county agent work in Nebraska. This will be sufficient to put a county agent in every county organizing and to provide a food emergency agent for each district where regular county agents are not employed. County agents and food emergency agents will be put to work organizing and mobilizing agricultural Nebraska for maximum production. The county agent is thus regarded by the nation's highest counselors as the best instrument of increasing production as a defensive measure. The agricultural extension service of the University of Nebraska has mapped out plans for the extension of county agent work in conformity with the new law and is ready to proceed with the program as soon as the bill is signed by the president and the emergency funds are released. Agents will be placed in the counties as they are ready to receive them.

RED CROSS MEMBERS

Additional Names.

AURORA	
Annual Members	Mrs. Mattock
Dr. L. W. Haughey	Mrs. H. N. Peterson
Georgia Zornes	Mrs. Sullivan
Fern Perry	R. R. Chapman
